### ***Health Fair For Families Displaced By Hurricane Maria On April 21, 2018***

*Project PIEDRA and UNITED for Puerto Rico are hosting a health fair on April 21, 2018. Medical evaluations and other services are free.*

As Jersey City continues to receive families displaced by Hurricane Maria in Puerto Rico, we would like to share the following beneficial health program available to them.

Sanitas Medical Center is an organization that has provided and continues to provide medical care to over 400 families that were displaced and arrived in Connecticut. They would like to implement the same program for our families here in Jersey City.

As such, Project PIEDRA in conjunction with UNITED for Puerto Rico are hosting a health fair at Sanitas Medical Center in Union City on April 21st, from 10 a.m. to 1 p.m. Along with the free medical evaluation that will be provided to all who attend, Sanitas Medical Center has also agreed to provide additional medical services should the need arise at NO COST to our families.

We ask that you and your organization assist us with notifying our families here in Jersey City who have been displaced. This is a great opportunity that our families should take advantage of.

Flyers advertising this event in English and Spanish are attached to this message. For more information, please visit [www.projectpieadra.org](http://www.projectpieadra.org).

Thank you for your help in spreading the word.
